PROFESSIONAL EXPERIENCE

MERN Stack Developer

Octopus Technology — February 2021 – Present

Client-focused IT company delivering custom software solutions across diverse industries.

- Developed full-stack web applications using **MongoDB**, **Express.js**, **React.js**, and **Node.js**.
- Built dynamic and responsive UIs with **React.js**, **Next.js**, and **Tailwind CSS**.
- Designed RESTful APIs and integrated backend services using **Node.js** and **Express.js**.
- Worked with **Agile** teams and managed tasks via **Jira**, **Trello**, and **ClickUp**.
- Ensured optimal performance, mobile responsiveness, and cross-browser compatibility.
- Implemented user authentication, role-based access control, and third-party API integrations.
- Improved app performance by up to **35%** through frontend and backend optimizations.

Frontend Developer

BVM Infotech — Dec 2020 – Feb 2022

- Developed responsive and user-friendly interfaces using **React.js**, **HTML5**, **CSS3**, and **JavaScript**.
- Translated UI/UX designs into functional web pages with a focus on cross-browser compatibility and mobile responsiveness.
- Collaborated with cross-functional teams and international clients to understand requirements and deliver frontend solutions.
- Contributed to project planning and delivery under tight deadlines, while supporting junior team members.
- Utilized tools like **Git**, **Postman**, and **Trello** for version control, API testing, and task management.

PROJECTS

Legaliser - <https://www.legaliser.com>

Tech Stack: Next.js, Node.js, Stripe

AI-powered contract management platform designed to automate compliance and enhance document clarity.

- Developed key features enabling smart contract drafting, analysis, and reporting using **Next.js** and **Node.js**.
- Integrated **Stripe** for secure payment processing and subscription management.
- Contributed to optimizing workflows and reducing manual legal processes, significantly boosting operational efficiency.

Exam Solution - <https://www.examsolutions.net/x>

Tech Stack: React.js, Node.js, Socket.IO, Firebase

Interactive online tutoring platform offering personalized 1:1 math session for students across the UK.

- Built real-time chat and interactive features using **Socket.IO** and **Firebase**.
- Developed a responsive and intuitive frontend using **React.js** to enhance the learning experience.
- Supported dynamic scheduling, lesson tracking, and student performance monitoring.

SESIRE - <https://www.sesire.com/>

Tech Stack: React.js, Next.js, Nest.js, Stripe, Socket.IO

- Community-driven adult creator platform empowering creators with monetization and engagement tools.
- Built responsive frontend with **React.js** and **Next.js** for seamless user experience across devices.
- Implemented backend services using **Nest.js** and **Socket.IO** for real-time data management.
- Integrated **Stripe** for secure payments and subscription management.
- Developed features to enhance content discoverability and creator monetization options.

Happy People AI - <https://happypeopleai.com/>

Tech Stack: Next.js, React.js, Tailwind CSS, MUI

- Developed a responsive web application that enables users to create professional resumes online.
- Built dynamic forms for entering personal, educational, and professional information.
- Implemented real-time template previews and PDF generation for easy resume downloads.
- Focused on responsive design and user-friendly interface using **Tailwind CSS** and **MUI** components

Metrodao - <https://metrodao.app/>

Tech Stack: React.js, Node.js, MySQL, MUI

- Developed a platform to enhance community engagement by identifying key issues and gathering member feedback through surveys.
- Conducted surveys to prioritize community needs and streamline issue resolution.
Designed and implemented intuitive user interfaces to boost user interaction and satisfaction.

TECHNICAL SKILLS

Languages & Frontend: HTML5, CSS3, SCSS, JavaScript, TypeScript

Frontend Frameworks: React.js, Next.js

Backend & APIs: Node.js, Nest.js, Express.js, Serverless Framework, RESTful APIs

UI Libraries & Frameworks: Tailwind CSS, Bootstrap, MUI (Material-UI), Ant Design (ANTD)

Databases: MongoDB, MySQL, PostgreSQL

Tools & Platforms: Git, Postman, Jest, Firebase, Stripe, Jira, Trello, ClickUp

IDEs: VS Code, WebStorm IDE

EDUCATION

Bachelor of Technology in IT - Lukhdhirji Engineering College, Morbi, Gujrat
